Research experience

Post-doc
Since 2020

Agronomic value of temperate fodder trees for dairy cattle production

PhD Sandra Novak, INRAE, France

- Forage sampling
- Faeces sampling
- Feeding behaviour sampling (scan and focal sampling)
- Remote sensing (TLS, drone photogrammetry)
- Statistical analyses (R software)
- GIS (QGIS software)
- Supervision of 1 BA student and 1 field assistant
- Pollard trees maintenance
- Outreach

Doctorat
2017 -2020

Prediction of agronomical and ecological grasslands characteristics, and their trade-offs. Focus on the Vosges Mountains permanent grasslands

Prof Sylvain Plantureux, University of Lorraine - INRAE, France
Cécile Bayeur, Northern Vosges Regional Nature Park, France

- Field botany
- Forage sampling
- Soil sampling
- Interviews of farmers
- GIS (QGIS software)
- Database management
- Statistical analyses (R software)
- Supervision of 7 MA students
- Teaching 43 hours
- Outreach

Field assistant
2015-2016

Semantics content in titi monkey alarm call sequences
PhD Mélissa Berthet, University of Neuchâtel, Switzerland

- Wild monkey population monitoring
- Cognitive experiments
- Behaviour observation (scan sampling)
- Faeces sampling
- Protocol reflection
- Assistants training

Engineer thesis *Impact of soil properties and agronomical practices, and their interactions, on French earthworms communities*
2014 PhD Kevin Hoeffner, University of Rennes 1 - CNRS, France

- Earthworms gathering
- Earthworms identification
- Database management
- Statistical analyses

Education

Doctorate degree **PhD in agronomic sciences**
2017-2020 University of Lorraine Lorraine, France
Jury: Prof Gillet F., PhD Bonis A., PhD Diquelou S., PhD Magda D.,
PhD Michaud A.

Engineer degree **Engineer in agriculture and management**
2009 – 2014 UniLaSalle Beauvais, France

Additional courses

Summer school **Analysis and Experimentation on Ecosystems**, France
2021 Remote sensing for the study of terrestrial ecosystems: From theory to practical application

Animal testing **ONIRIS**, France
2021 Animal testing diploma: experimental design and execution

Workshop **Gaia formation**, France
2021 Fodder trees for herbivorous farm animal

Workshops **INRAE**, France
2020-2021 Writing a data paper, HAL

Workshop **Regional Nature Parks and Botanic conservatories**, France
2019 Grassland phytosociological classification

Doctoral program courses **University of Lorraine**, France
2017-2020 Writing and publishing a paper, Pedology, Life cycle assessment

Grants

AnaEE Scholarship (1 week) to participate to the AnaEE summer school on remote sensing at the Lautaret Garden, France.
2021

INRAE Phase Projet Innovant Fund (19 000€, 2 years) for the project “Agronomic value of temperate fodder trees for dairy cattle production”
2021-2022

INRAE AgroEcoSystem 2021-2022	Pari Scientifique Fund (8 250€, 2 years) for the project “ <i>Agronomic value of temperate fodder trees for dairy cattle production</i> ”
Fondation de France 2021-2022	Postdoctoral grant (93 370€, 2 years) for my postdoc “ <i>Agronomic value of temperate fodder trees for dairy cattle production</i> ”.
Agence de l'eau Rhin-Meuse 2020	Funding (22 500€, 8 months) for the completion of my PhD thesis “ <i>Prediction of agronomical and ecological grasslands characteristics, and their trade-offs. Focus on the Vosges Mountains permanent grasslands</i> ” and the redaction of the book “ <i>Les prairies permanentes du massif des Vosges. Typologie agroécologique et diagnostic prairial</i> ”

Mesbahi G., Bayeur C., Plantureux S. (2019) Des prairies permanentes diversifiées et performantes. *Journée de l'école doctorale*, Nancy, France.

Poster presentation, in French

Mesbahi G., Bayeur C., Plantureux S. (2018) Prediction of grassland values by phytosociological or agronomical approach. *27th General Meeting of the European Grassland Federation*, Cork, Ireland.

Poster presentation and conference paper

Berthet M., Mesbahi G., Pajot A., Cäsar C., Neumann C., Zuberbühler K. (2018) Titi monkey alarm sequences: when combining creates meaning, in LaCroix T. (Chair), "Evolutionary explanations of compositional communication: the state of the art" symposium. *26th Philosophy of Science Association Biennial Meeting*, Seattle, USA.

Oral presentation

Berthet M., Neumann C., Mesbahi G., Zuberbühler K. (2017) Contextual information in titi monkey B-sequences. *7th European Federation for Primatology meeting*, Strasbourg, France.

Oral presentation

Berthet M., Neumann C., Mesbahi G., Zuberbühler K. (2017) Do titi monkeys encode predator type and location in their alarm sequences?. *35th International Ethological Conference*, Estoril, Portugal.

Oral presentation

Berthet M., Neumann C., Mesbahi G., Cäsar C., Zuberbühler K. (2017) Contextual differences of two alarm call types in titi monkeys. *15th Conference of the Gesellschaft für Primatologie*, Zürich, Suisse.

Poster presentation

Invited speaker

Mesbahi G. (2020) Quelle classification pour la prédiction des propriétés prairiales ? Séminaire national Habitats - « Typologies, données et cartographies : état des lieux des connaissances et perspectives sur les besoins opérationnels », Paris, France

Teaching

2019

Practical **Agroforestry botany and ecosystem services.**
Master level, 8 hours.

Tutorial **Statistical analyses of agroforestry dataset.**
Master level, 4 hours.

Practical **Grassland botany and functional traits.**
Master level, 8 hours.

Tutorial **Statistics: determinant of grassland species and functional traits.**
Master level, 4 hours.

2018

Practical **Collect of animal behaviour on the field.**
Master level, 8 heures

2017

Lecture **Initiation to global agroforestry.**
Master level, 3 hours.

Lecture **Discovery of research projects.**
Master level, 2 hour.

Tutorial **Mixing crops at different scales.**
Master level, 15 hours. Grading of final exam.

Practical **Grassland botany and functional traits.**
Master level, 8 hours.

Professional services

Onsite and online presentations of the OasYs farm and its agroforestry system. For researchers, agricultural advisers, farmers (2021-2022)

Workshop co-organization *Les prairies permanentes, notre avenir en herbe !* (2021)
Meisenthal, France
120 participants, 20 speakers

Reviewer for *General Meeting of the European Grassland Federation* (2020)

Jury member for *Concours des Pratiques Agro-Ecologiques Prairies & Parcours* (2019)

Outreach

Mesbahi G. (2021) RadioCocci n°6 Agriculture et changement climatique, online

Radio show

Mesbahi G., Bayeur C., Plantureux S. (2021) La typologie agroécologique des prairies permanentes. *Les prairies permanentes, notre avenir en herbe !*, Meisenthal, France

Oral presentation

Mesbahi G., Novak S. (2021) L'abre, une ressource fourragère. *Les prairies permanentes, notre avenir en herbe !*, Meisenthal, France

Oral presentation

Berthet M. & Mesbahi G. (2019) Découvrez les singes titis et leur système de communication unique. *The Conversation France*

Article

Mesbahi G. (2018 et 2019) La typologie de prairies permanentes : un outil pour agronomes et écologues. *Journée de formation à la phytosociologie du massif vosgien*, Saverne et Rothau, France

Oral presentation

Mesbahi G. (2018) Les typologies agroécologiques. *Natura 2000 biogeographic seminar*, Parc Naturel Régional des Vosges du Nord, France

Oral presentation

Mesbahi G. (2018) Prairies permanentes : la conservation par la valorisation : exemple du massif vosgien. *Séminaire des Parcs Naturels Régionaux Biodiversité et Gestion de l'Espace*, Eppe-Sauvage, France
